

FOR IMMEDIATE RELEASE

Vertical Communications Secures Communications Contract with Adams Five Star Schools

Vertical Communications to Deliver Communications to 52 Schools and Headquarters in Adams County, Colorado

Santa Clara, CA, December 27, 2017 - Vertical Communications®, a leading provider of business communications solutions, has just finalized a major education and government contract with Adams 12 Five Star Schools, worth \$2.3 million. Adams 12 is the Adams county school district in Northern Denver, with 52 schools and a large headquarters, comprising 5,000 users.

Vertical Communication's Solution for Adams 12 Five Star Schools includes Mitel's Core MCD Platform plus Contact Center, Centralized Fax, Call Recording, Mass Notification, Panic Button Solution, E-911 and an integration to their two-way radio system. All of this is supported by a comprehensive Vertical Support Plan covering their 5,000 End Users.

"We are very excited to provide Adams 12 with the communications system they need and help them to achieve its next phase of communication," said Ben Treadway, President of Vertical Communications. "The Mitel Core MCD Platform will provide Adams 12 with the freedom architecture they need for their 52 locations, while ensuring their communications are reliable and secure."

With extensive experience delivering communications services to education and government entities, Vertical Communications offers a unique package to school systems. As a single vendor partnering with Mitel to deliver a complete telecommunications solution, Vertical Communications not only provides the service, but also manages the phone relationship with Mitel, provides the phone service and last mile connections, the technical support, as well as everything in between. Vertical Communications provides the stability and support needed to ensure efficient and consistent communications, 24/7.
